About US CMA

US CMA is a professional certification in finance & accounting relevant for success in businesses. Achieving the CMA demonstrates your professional expertise in financial planning, analysis, control, decision support, and professional ethics – skills that are in demand by organizations around the world. Basically, CMAs can explain the "why" behind numbers, not just the "what." CMA degree gives you greater credibility, higher earning potential, and ultimately a seat at the leadership table.

CMA is offered by the IMA (Institute of Management Accountants), US, and is a globally recognized, advanced-level credential appropriate for accountants and financial professionals in business. The CMA exams comprise the following two exam parts:

Part 1 – Financial Planning, Performance, and Analytics

Part 2 – Strategic Financial Management

The US CMA degree is just 2 exams and candidates would cover the CMA content within 12 months, and can achieve a professional qualification before graduation, giving you a boost while you search for career opportunities.

Syllabus of Part-1 and Part – 2 papers are further divided into 6 papers and integrated in to B. Com syllabus. It is offered under the specialization ‘Strategic Finance’, and students can opt the same from Semester III i.e. second year of graduation.

About the IMA (Institute of Management Accountants)

IMA is present globally with offices in US, Europe, Middle East, China and Singapore, and members across 140+ countries. In India, IMA works in collaboration with Wiley (global partner for official IMA study materials). To get a membership, IMA requires that CMA candidates have at least two continuous years of full-time work experience in management accounting or financial management. This requirement can also be met by working part-time at least 20 hours per week.

The CMA experience:

Being a CMA gives you wide exposure to the following:

Business Planning, advising senior management on decision making, supporting allied departments, working in cross functional verticals, management, working with external stakeholders

Job opportunities:

Opportunities for CMAs are boundless as they often expand their careers beyond the traditional management accounting realm to provide related services for many different types of organizations. CMAs are required in all areas of the business world:

- Senior Accountant, Cost Accountant, Internal Auditor, Budget Analyst, Financial Analyst, Finance Manager, Financial Controller, Treasurer, Chief Financial Officer, Etc.

Some of the organizations where CMAs are employed in India are:

- EY, KPMG, Accenture, Genpact, Capgemini, IBM, Morgan Stanley, Goldman Sachs, Metlife, Flextronics, WMware, Caterpillar, Tata Consultancy Services, Verizon, Cognizant, Deloitte
