

Deccan Education Society's
Brihan Maharashtra College of Commerce, Pune
(Autonomous)
Important Notice For Term End Examination
(T.Y.B.Com.,BBA,BBA IB,BBA CA)
(3/01/2022)

All the students should kindly note that it has been mentioned in the exam guidelines that in descriptive test you have to upload answer question by question, but still many of them were uploading all the files together at the end. Also the exam time was **1hr** which was increased by **more half an hour**. This was done so that you get sufficient time to upload file for each question, but it was found that students are writing paper more than 1:00hr and are uploading the answers all together in last few minutes which is creating a load on system and then hence many were not able to submit their test.

Time and again we have informed you if there is a message like '**something went wrong**' you have to logout and login again, still there were many who were repeatedly asking same query. Students are advised again to kindly read all instructions that are displayed on website carefully

As today was the first day we extended the time more than 1hr:30min only for 30marks paper. Students should strictly note that from tomorrow we will not extend anytime and you have to submit the test within the time limit only. As it is descriptive test you should have strong net connectivity. If a student is not able to upload answers within the time college will not extend time in any circumstances.

It is found that many students are sharing questions on whatsapp group, strict action will be taken against those students. Any query call on the help desk. Queries that are sent on whatsapp group will not be considered.

Dr Preeti Rajguru
Controller of Examination
